

Terms of use for product images of Elsner Elektronik GmbH

The main licensee receives a simple, worldwide right of use for product images from Elsner Elektronik (rights holder). The use is limited to 1 year and must be re-approved after expiry of the period.

The transfer of the image by the above-mentioned main licensee to sub-licensees is permitted, but must be free of charge. New sub-licensees must be reported to Elsner Elektronik. The notification must be sent by e-mail to Ms Rita Buse, r.buse@elsner-elektronik.de. Sub-licensees are prohibited from passing on the images.

The images may be slightly modified by the licensee for his intended use. Modifications that distort the original image in such a way that the rights holder suffers disadvantages such as damage to her reputation are not permitted.

The images may not be used for the purpose of unlawful and punishable acts.

Rights holder notice:

When using images, the rights holder must be cited. However, if this is not possible directly under the picture or on the side of the picture for reasons of space or visual requirements, it can also be done in another easily visible place (imprint, etc.).

The proprietor's note shall read: "Picture: Elsner Elektronik".

The licensee must also ensure that the status of the illustrations or the document (date) is evident and indicate that technical changes and errors are reserved.
